GAM Product #GAG1810  
Rosco Product #105 91810 0625

Apply WindowGrip™ to car windows, it is thin enough not to interfere with window movement.

Apply to office windows and get outside light as well as privacy.

### NEW

#1857 - CTO/.6ND

Full CTO + .6ND with a 2 stop light loss

We **STRONGLY** recommend that you use the GAM squeegee to achieve the best Windowgrip™ application.

- Hard rubber edge easily pushes out water bubbles
- Durable plated steel with rubber grip

### PRODUCT DESCRIPTION

#### Easy to Apply, Easy to Remove!

- Apply to any window or plexiglass panel
- Choose the perfect filter for color correction
- Reduce light intensity
- Control color temperature
- Available in 48" x 25' rolls
- Visit gamonline.com for step by step instructions and specifications

GAM has applied an optically clear low tack adhesive to its also optically clear deep dyed polyester CineFilter™ to create WindowGrip™. GAM CineFilter™ is a color correction filter manufactured to stringent quality control standards from high-temperature heat-resistant and UV-protected materials. The resulting combination is a color correction filter that ensures consistent color quality for repeat reliability and superior performance.

WindowGrip™ creates new possibilities for solving the color correction and intensity problems of sunlight coming through a window. WindowGrip™ adds a new dimension of control and flexibility not previously possible.
