## PRODUCT DESCRIPTION

### ANY GAMCOLOR® FOR ANY WINDOW

#### Ideal for Retail, Architectural, Residential or Decorative Applications

- 2-mil deep dyed polyester
- Low-tack adhesive for easy application
- Use for decoration, create theme or mood
- Use for color correction
- Reduce light intensity
- Change the color temperature

GAM Custom WindowGrip™ is an adhesive-backed, optically clear window film that's available in any Gam-Color®. Custom WindowGrip™ colors can be applied to glass, plexiglass and other surfaces to create unique environments; design your own custom colored glass and/or combine colors. Custom WindowGrip™ rolls are 47 inches wide, minimum order per color is 200 feet.

For ease of handling, they can be cut down to 25 feet rolls. Standard WindowGrip™ colors are available in shorter runs. See the WindowGrip™ web page for stock WindowGrip™ colors. Custom WindowGrip™ is easy to apply and professional window film people are very familiar with these types of films.
